# ECOLUX 115

THE PATENTED DRY STEAM SYSTEM FROM LUX

SINCE 1901

EFFICIENT CLEANING WITH THE NATURAL PRINCIPLE OF DRY STEAM:  
THANKS TO THE WORLDWIDE UNIQUE DRY STEAM SYSTEM FROM LUX,  
ECOLUX 115 CLEANS HYGIENIC AND ECOLOGICALLY WITHOUT ANY  
ADDITIONAL CHEMICAL AGENT.

#### DRY STEAM SYSTEM

The balance between heating power and boiler pressure and the 1.8 litres steam dome ensure a high quality dry steam.

#### USER-FRIENDLY DISPLAY

Simple symbols and clear lights always show the working and service functions.

#### SAFETY COMES FIRST

The safety switch-off sensor for the vertical position and the patented security boiler cap ensure a safe use at all times.

#### HOSE HANDLE

The three steam levels can easily be selected from the hose handle. The usage is comfortable and safe thanks to the separate steam release button.

#### CABLE COMPARTMENT

Store the 5 metres long cable in the practical cable compartment.

#### TIME AND ENERGY SAVING

The user-friendliness of the unit combined with a limited water consumption guarantee fast results with minimum effort. Everything without using cleaning agents.

#### SELF-DECALFIFYING SYSTEM

The patented self-decalcifying system avoids the scaling of the boiler and makes the servicing of the unit fast and easy.

## DIAMOND SHAPED BRUSH

The diamond shaped brush is ideal for the cleaning of plain surfaces in the kitchen and in the bathroom. The swiveling neck and the locking button make its usage practical, fast and efficient.

## NOZZLES

The practical nozzles allow to reach also the most hidden and difficult corners for an efficient cleaning.

## SPECIAL BRUSHES

Different applications need different tools: the Ecolux brush range offers the suitable brush dimension and bristle material for every application.

## FLOOR BRUSH

No matter if tiles or carpet, the floor brush delivers on every surface cleanliness and hygiene in no time.

## IRON

The coated plate guarantees a smooth gliding without pressure on the fibres and without effort.

## WARRANTY

The long time Lux warranty stands for quality and reliability.

## WINDOW WIPER

Remove the dirt from windows and panes simply with pure water and a natural fibres brush without leaving any stripe.

## KIT VISAGE

The light and delicate steam stream diffused by the kit visage is ideal for inhaling, facial treatments and humidifying and can be enriched with essential oils or herbs.

## Ironing System AEROSTAR

Thanks to the practical blowing, suction and heating function ironing is a child's play. With its compact form and its 10.5 kg Lux AEROSTAR is really light and easy to store.

### TECHNICAL DATA

ECOLUX 115	
Voltage	230 V / 50 Hz
Heating power	2000 W max.
Usable boiler capacity	2,4 L
Maximum boiler pressure	3,6 bar
Boiler material	Steel
Patented self-decalcifying system	
Housing lid in scratch-resistant aluminium	
Iron	
Voltage	230 V / 50 Hz
Power	800 W
Max plate temperature	180°C
Plate	Teflon
