

## AEROGUARD 4S

INNOVATIVE  
SUPER SILENT  
BEST IN CLASS FILTRATION

SINCE 1901

## DOUBLE DISPLAY & VISIOLIGHT™

With the Aeroguard 4S double display concept you can always see **everything at a glance**. In addition to the current **operating mode**, the displays also provide you with data on the **current air pollution**, the **room temperature** and **ambient humidity**.

The Lux exclusive Visiolight™ indicates the air quality **at any time**.

## AUTOMATIC AIR CONTROL

Air pollution is rarely visible to the human eye.

The Aeroguard 4S **sophisticated sensor technology constantly** analyses the pollution of the air and sets its speed levels **automatically** according to the air quality, providing always the purest air.

# PATENTED SWISS HEPA™ FILTRATION

The Aeroguard 4S is the newest generation of air treatment systems. With its **6 filtration stages**, the Aeroguard 4S constantly guarantees you **fresh and healthy air**.

## PREFILTER

Removes the roughest particles such as hair and fabrics.

## SWISS HEPA™ FILTER

The Swiss HEPA™ full composite synthetic filter is a highly efficient filter capable of removing up to **99.97% of micro particles**, such as fine dust, pollen and mould spores.

## ACTIVATED CARBON FILTER

The granular activated carbon binds gases and odours of natural and chemical origin. This filtration stage is effective in **reducing tobacco smoke and cooking smells**.

## NANOPURE+™

The patented NANOPURE+™ technology is effective in **neutralising viruses and bacteria** in the air and contributes to a healthy indoor air quality.

## DUOTRON™ TECHNOLOGY

The Duotron™ system is **actively reducing** the growth of viruses and bacteria in the air outside of the air purifier. Viruses and bacteria will not only be **drawn into the device**, they will also be **actively fought** in the air and rendered harmless.

## SUPERIOR PERFORMANCE

5 working modes, 6 stages filtration system and 9 speed levels work around the clock with the minimum power possible to provide the maximum filtration results in rooms up to 47m<sup>2</sup>.

## CERTIFIED

The Aeroguard 4S, with its 6-stage filtration system, has been tested by **TÜV Nord**.

## USER FRIENDLY

The single button control makes the Aeroguard 4S **easy to use**. The Visiolight™ and the two big displays always give you the needed information about the unit and your ambient air. The **elegant Swiss design** and **well engineered technology** complement the Aeroguard 4S to your best fitting solution for a **perfect air treatment**.

## ENERGY SAVING

The Aeroguard 4S is **as powerful as economical**. Thanks to its automatic air control, you always use just the amount of power you needed for perfect fresh air. Moreover in the Night Mode, the Aeroguard 4S **only consumes 17W**. Maximum performance with a minimum of power consumption.

## INDIVIDUAL

To fit every interior, the Aeroguard 4S is available in **5 different colours**. With the colours pure white, golden champagne, titanium silber, lightning rose and ice blue you can make your Aeroguard 4S **as individual as you!**

# AUTO

## AUTOMATIC AIR CONTROL

The automatic air control mode constantly analysis the air pollution of the ambient air and set the speed level according to the level of pollution.

## SILENT NIGHT MODE

For a peaceful and healthy sleep the Aeroguard 4S operates in Night Mode on an absolute noiseless level. In addition all light elements are switched off.

## NOISE SENSOR MODE

Many people cause a lot of air circulation in the room. This increases the level of air pollution. In the noise sensor mode the Aeroguard 4S operates according to the current noise level in the room.

## POWER MODE

Things must go quickly? The Aeroguard 4S power mode is a powerful and effective solution to clean the air in case of high concentration of air pollutants and smells.

## HUMIDIFIER

With the humidifier, the Aeroguard 4S offers a smart 2 in 1 solution for an optimal indoor climate. Thanks to the automatic adjustment of the air humidity to your individual requirements, the Lux Aeroguard 4S creates a perfect feel-good atmosphere.

## REMOTE CONTROL

You can operate the Aeroguard 4S comfortably by using the remote control.

## PLUS X AWARD

For its modern Swiss design, the premium quality, its highly innovative technology and the well thought control concept, the Aeroguard 4S has been awarded the prestigious German **PLUS X AWARD** in the 4 categories Innovation, High Quality, Design and Ease of Use.

”

„For me the Aeroguard 4S is a true blessing. My dust allergy is now a thing of the past!“

*Mrs Caroline Wolf*

„Great product! Finally we can have a cat.“

*Mr & Mrs Abbate*

„Modern, quiet and high performing. Best buy ever!“

*Mr Jonas Hansson*
